The following is an examiner's statement of reasons for allowance: Killeen (U.S. Patent No. 6,845,968) and Killeen (U.S. Patent No. 6,702,256) have been considered with regard to double patenting. A double patenting rejection is not applicable because the claimed combination with the recited gradient generation means would not have been obvious from Killeen (U.S. Patent No. 6,845,968)'s and Killeen (U.S. Patent No. 6,702,256)'s claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
